

SG/SEND

- > Brand & Design Guidelines v0.3.5
- > Status: Active — Adopted as primary brand identity
- > Date: 16 Feb 2026
- > Decision Ref: D051

Brand Architecture

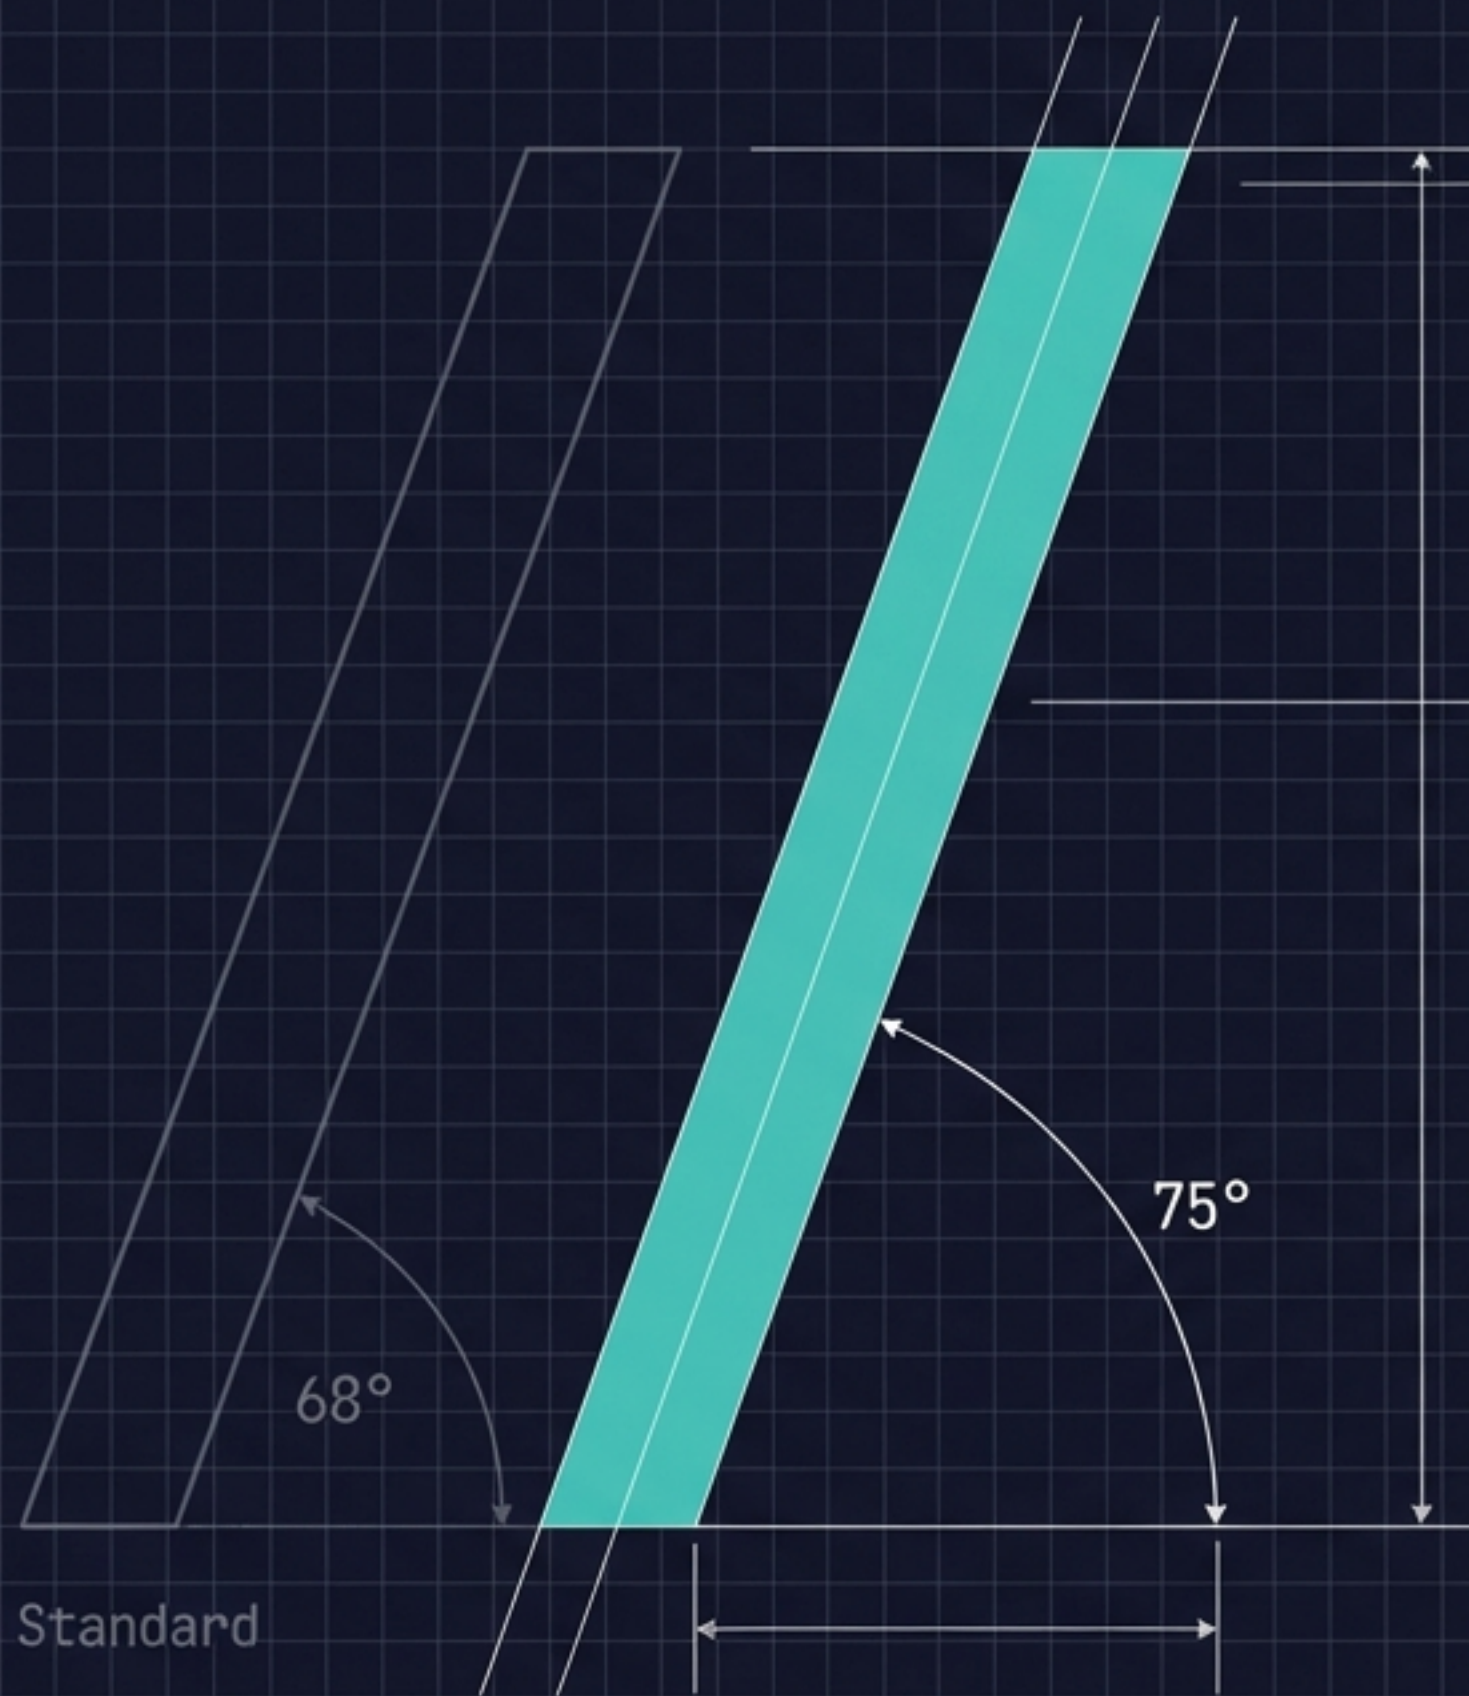

[ANNOTATION]: The slash in the brand corresponds to the dot in the subdomain.

Usage Rules

[SPOKEN]: "SG Send" (slash is silent)

[CLI/CODE]: "sg-send" (lowercase, hyphenated)

[SOCIAL]: @SGSend

The Zero-Knowledge Boundary

Divides 'Your data' from 'Our server'.
It implies forward motion and URL navigation.

Geometry Specs

Angle: 75° from horizontal.
Weight: $1.2\times$ stroke weight of text.
Height: Baseline to Cap Height (no overshoot).

"Not decorative—structure made visible."

Logo Construction & Variants

DM Sans, White

Primary Construction

DM Sans, White

Clear Space: x = slash width

Variants & Scale

JetBrains Mono
Min 16px

Preserving Integrity

The relationship between the Slash and the text is fixed.

SG/send

No rotation.

SG\Send

No backslashes.

SG/send

No effects or gradients.

SG
/Send

CRITICAL: Do not separate lines.

Color Palette

1px

1px

Dark Navy

The Canvas
(Background)

Hex: #1A1A2E

Teal

The Hero
(Action/Slash)

Hex: #4ECD C4

Coral

The Counterpoint
(Danger/No-Log)

Hex: #E94560

The Vibration Rule: Never
use Teal and Coral adjacent.
Separate with Navy.

Typography Specimen

Primary / Human

Aa

DM Sans.
Geometric clarity.
Approachable.

Font: DM Sans

Your files, your keys, your privacy.

Your files, your keys, your privacy.

Technical / Machine

Aa

Code, keys, technical data.

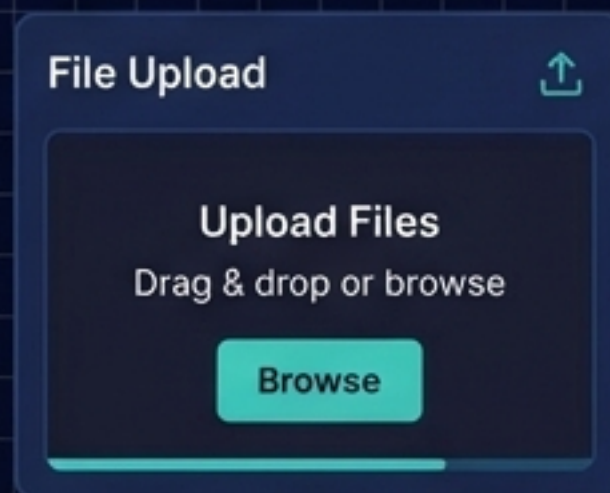

no
AES-256-GCM encryption verified.

Type Scale: Major Third (1.25 ratio)

One System, Four Themes

Aurora (Default)

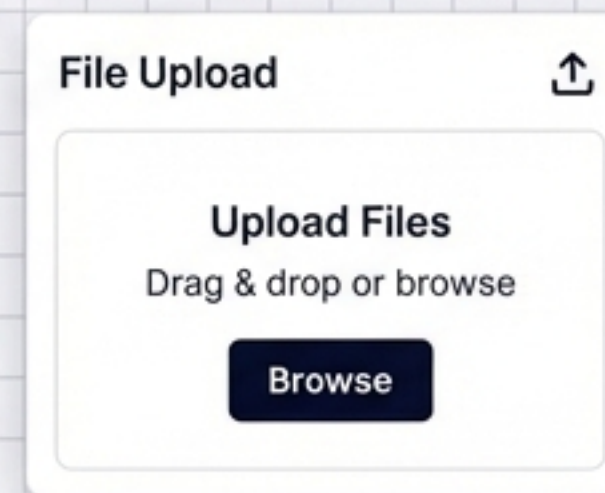

File Upload

Upload Files
Drag & drop or browse

Browse

The Aurora (Default) theme features a dark blue background. The 'File Upload' dialog has a dark blue header with a light blue icon. The main content area is dark blue with white text. The 'Browse' button is light blue with dark blue text.

Glacier (Light)

File Upload

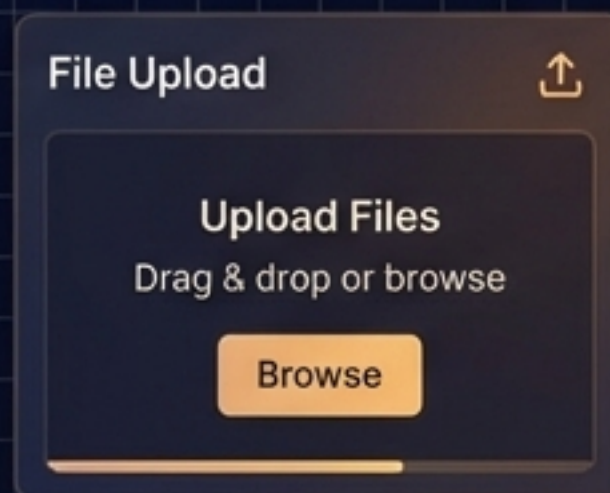

Upload Files
Drag & drop or browse

Browse

The Glacier (Light) theme features a light blue background. The 'File Upload' dialog has a light blue header with a dark blue icon. The main content area is light blue with dark blue text. The 'Browse' button is dark blue with light blue text.

Controlled via CSS custom properties on `<body>`.

Ember (Warm)

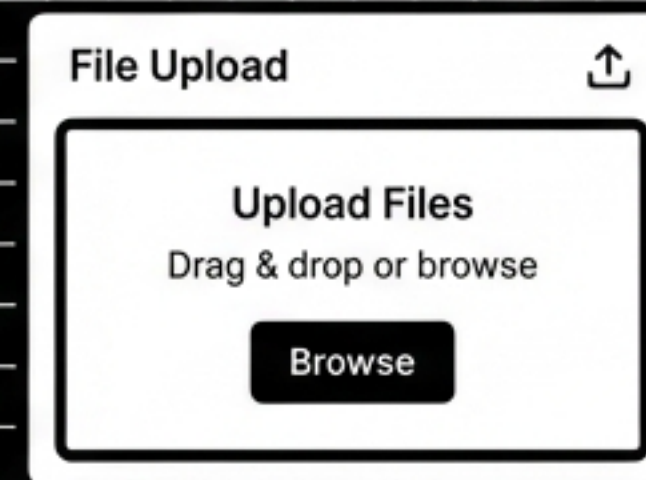

File Upload

Upload Files
Drag & drop or browse

Browse

The Ember (Warm) theme features a dark brown background. The 'File Upload' dialog has a dark brown header with a light brown icon. The main content area is dark brown with white text. The 'Browse' button is light brown with dark brown text.

High Contrast

File Upload

Upload Files
Drag & drop or browse

Browse

The High Contrast theme features a white background. The 'File Upload' dialog has a white header with a black icon. The main content area is white with black text. The 'Browse' button is black with white text.

Iconography

75° Geometry. Line icons, 1.5px stroke. No fills.

The Slash System extends to dividers, breadcrumbs, and textures.

DM Sans (with Jethrical specs)

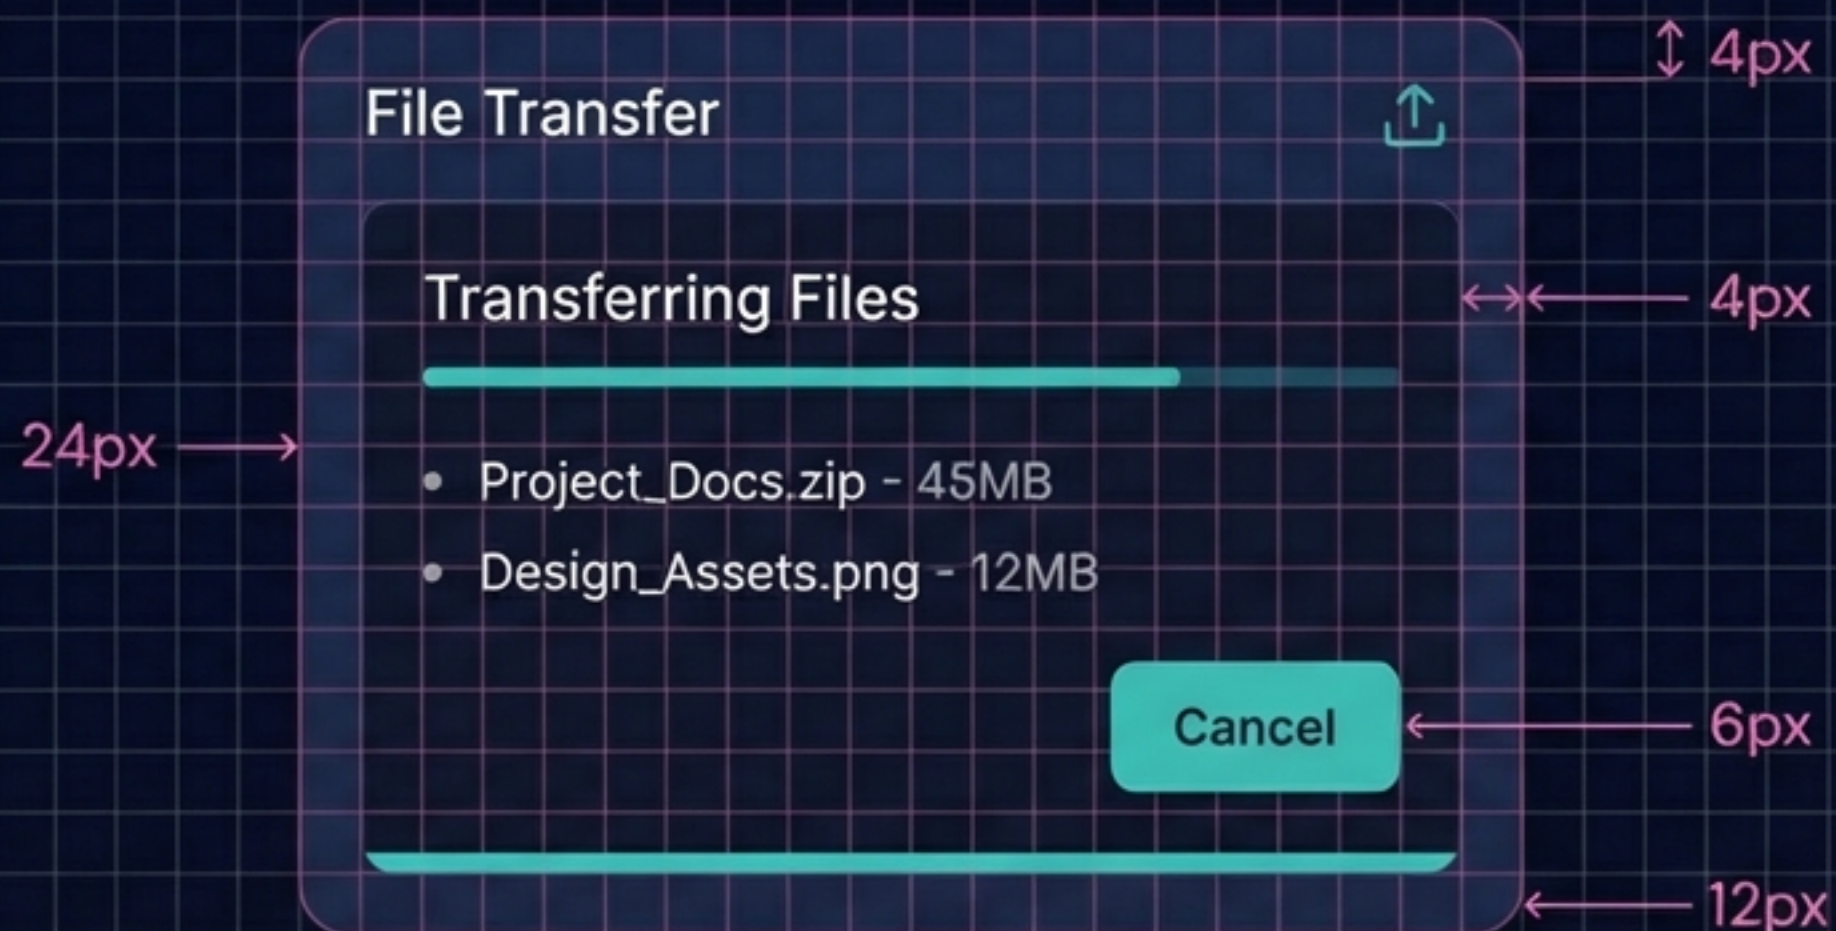

Rhythm and Spacing

Base Unit: 4px (--space-1).

Max Layout Width: 720px

(Reading Focus).

Gutters: 24px – 32px.

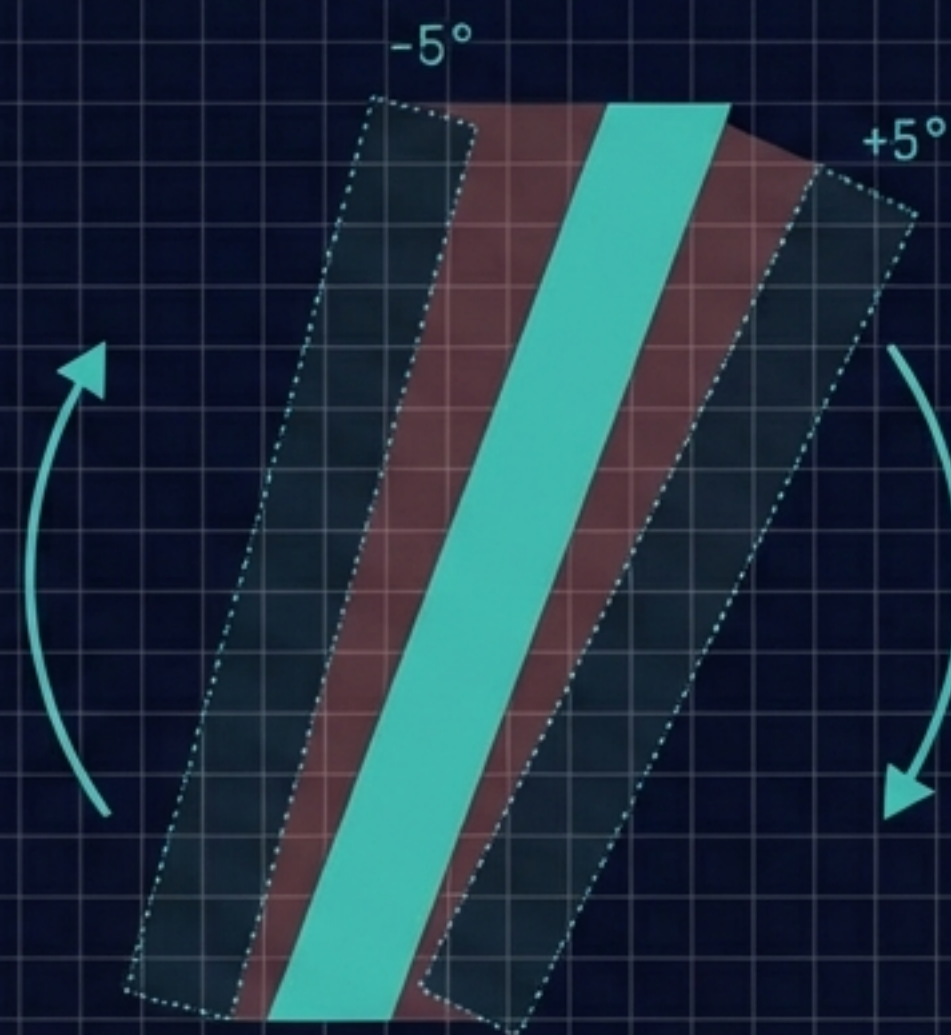

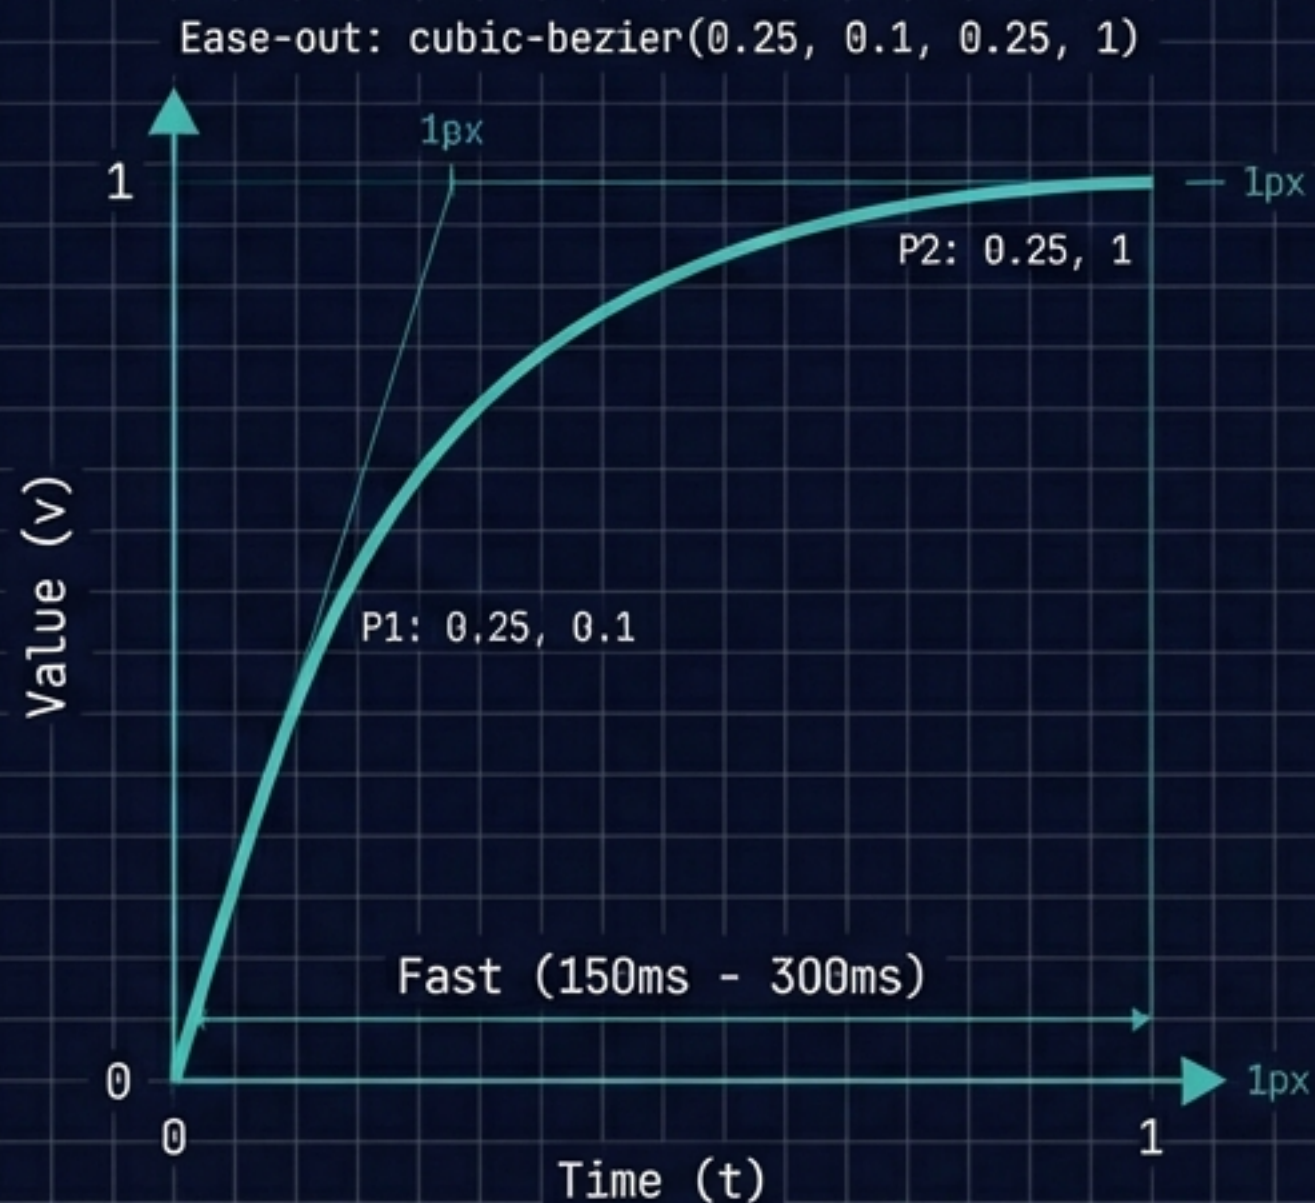

The Progress Component (Trust Education)

Visualises the Zero-Knowledge Model.
Teal = Safe. Coral = Private/Invisible.

Motion Principles

Slash Loading: Tilts $\pm 5^\circ$ at 75° base angle.

Motion is purposeful, not decorative.

Voice: Direct & Confident

DO JetBrains Mono

We literally cannot read your files.

Use "Encrypted file", "Private", "Your browser".

DON'T JetBrains Mono

~~**We have wrapped your file in a blanket of security.**~~

Avoid "Ciphertext", "Secure", "Client-side".

IFD Implementation Strategy

Implementation Notes:

- > CSS variables live in base version (v0/).
- > Theme overrides via single file swap.
- > No npm packages for fonts (use `<link>`).
- > Web Components use tokens via `var()`.

SG/

ZERO KNOWLEDGE. ZERO FUSS.
