

CRM Pro: Functional Capabilities & User Experience

A comprehensive review of user stories, features, and validation criteria.

DATE: 26 JANUARY 2026

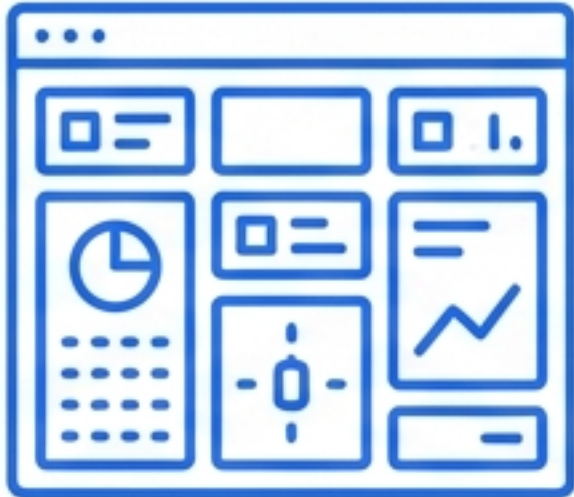

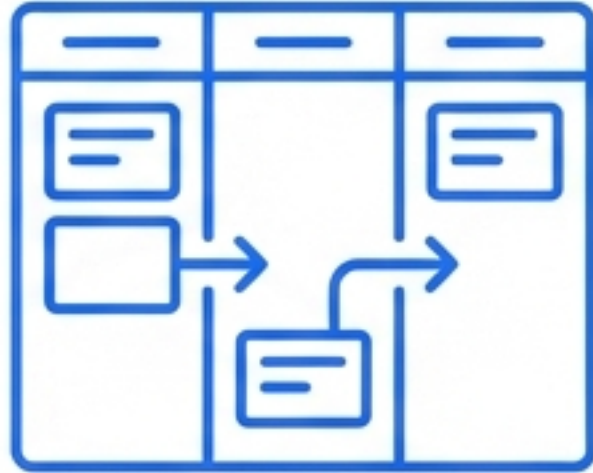

CONTEXT: CLAUDE-FLOW DEVELOPMENT DEBRIEF

TYPE: USER STORIES WITH VISUAL REPRESENTATIONS

Bridging Customer Data and Sales Action

CRM Pro is a purpose-built application designed to streamline the sales process through four core functional pillars.

			
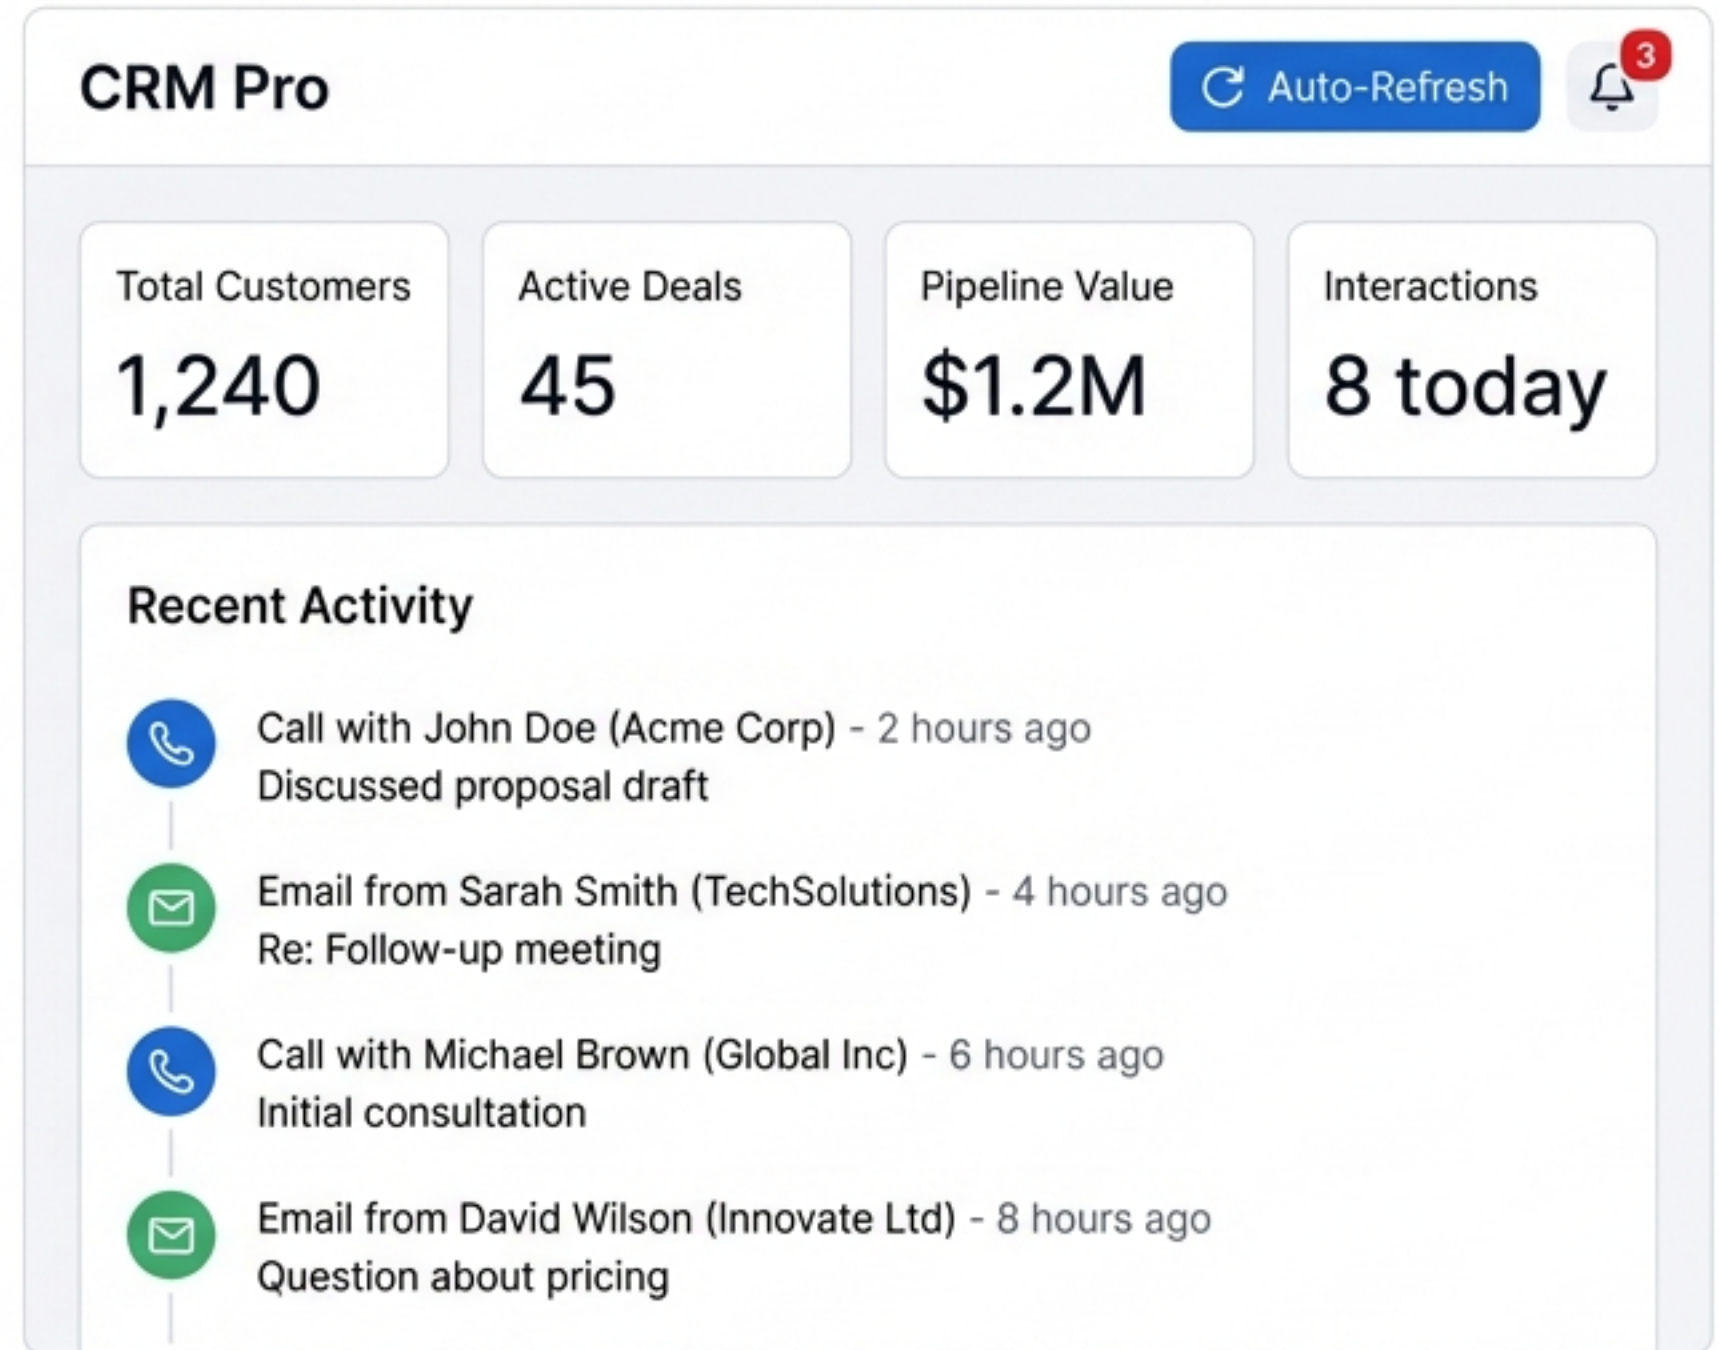

Dashboard The command centre for high-level metrics.	Customers The database for relationship management.	Pipeline The visual workflow for deal progression.	Interactions The historical record of communication.

The Command Centre (Feature 1: Dashboard)

"As a sales manager, I want to see key metrics at a glance when I open the CRM, so that I can quickly understand the current state of my business."

VALIDATION CRITERIA

- ✓ Display total customer count
- ✓ Display active deal count
- ✓ Display total pipeline value in USD currency format
- ✓ Display recent interaction count
- ✓ Show recent activity timeline with coloured icons by type
- ✓ Auto-refresh button available
- ✓ Notification badge showing unread count

Managing Relationships (Feature 2: Customer Management)

"As a sales representative, I want to manage my customer contacts in a searchable table, so that I can quickly find and update customer information."

VALIDATION CRITERIA

- ✅ Display customers in sortable table format
- ✅ Search customers by name/email
- ✅ Filter by status (All, Active, Inactive, Lead)
- ✅ Add new customer via modal form
- ✅ Edit existing customer via modal form
- ✅ Delete customer with confirmation
- ✅ Display status with colour-coded badges
- ✅ Show creation date for each record

Visualising the Workflow (Feature 3: Deals Pipeline)

"As a sales representative, I want to visualise my deals in a kanban-style pipeline, so that I can track deal progress through sales stages."

VALIDATION CRITERIA

- ✓ Display deals in kanban columns by stage
- ✓ Show deal count per stage in column header
- ✓ Display deal card with: title, value, customer, stage badge, date
- ✓ Add new deal via modal form
- ✓ Edit deal via modal form (click card)
- ✓ 6 pipeline stages: Lead → Qualified → Proposal → Negotiation → Closed Won → Closed Lost

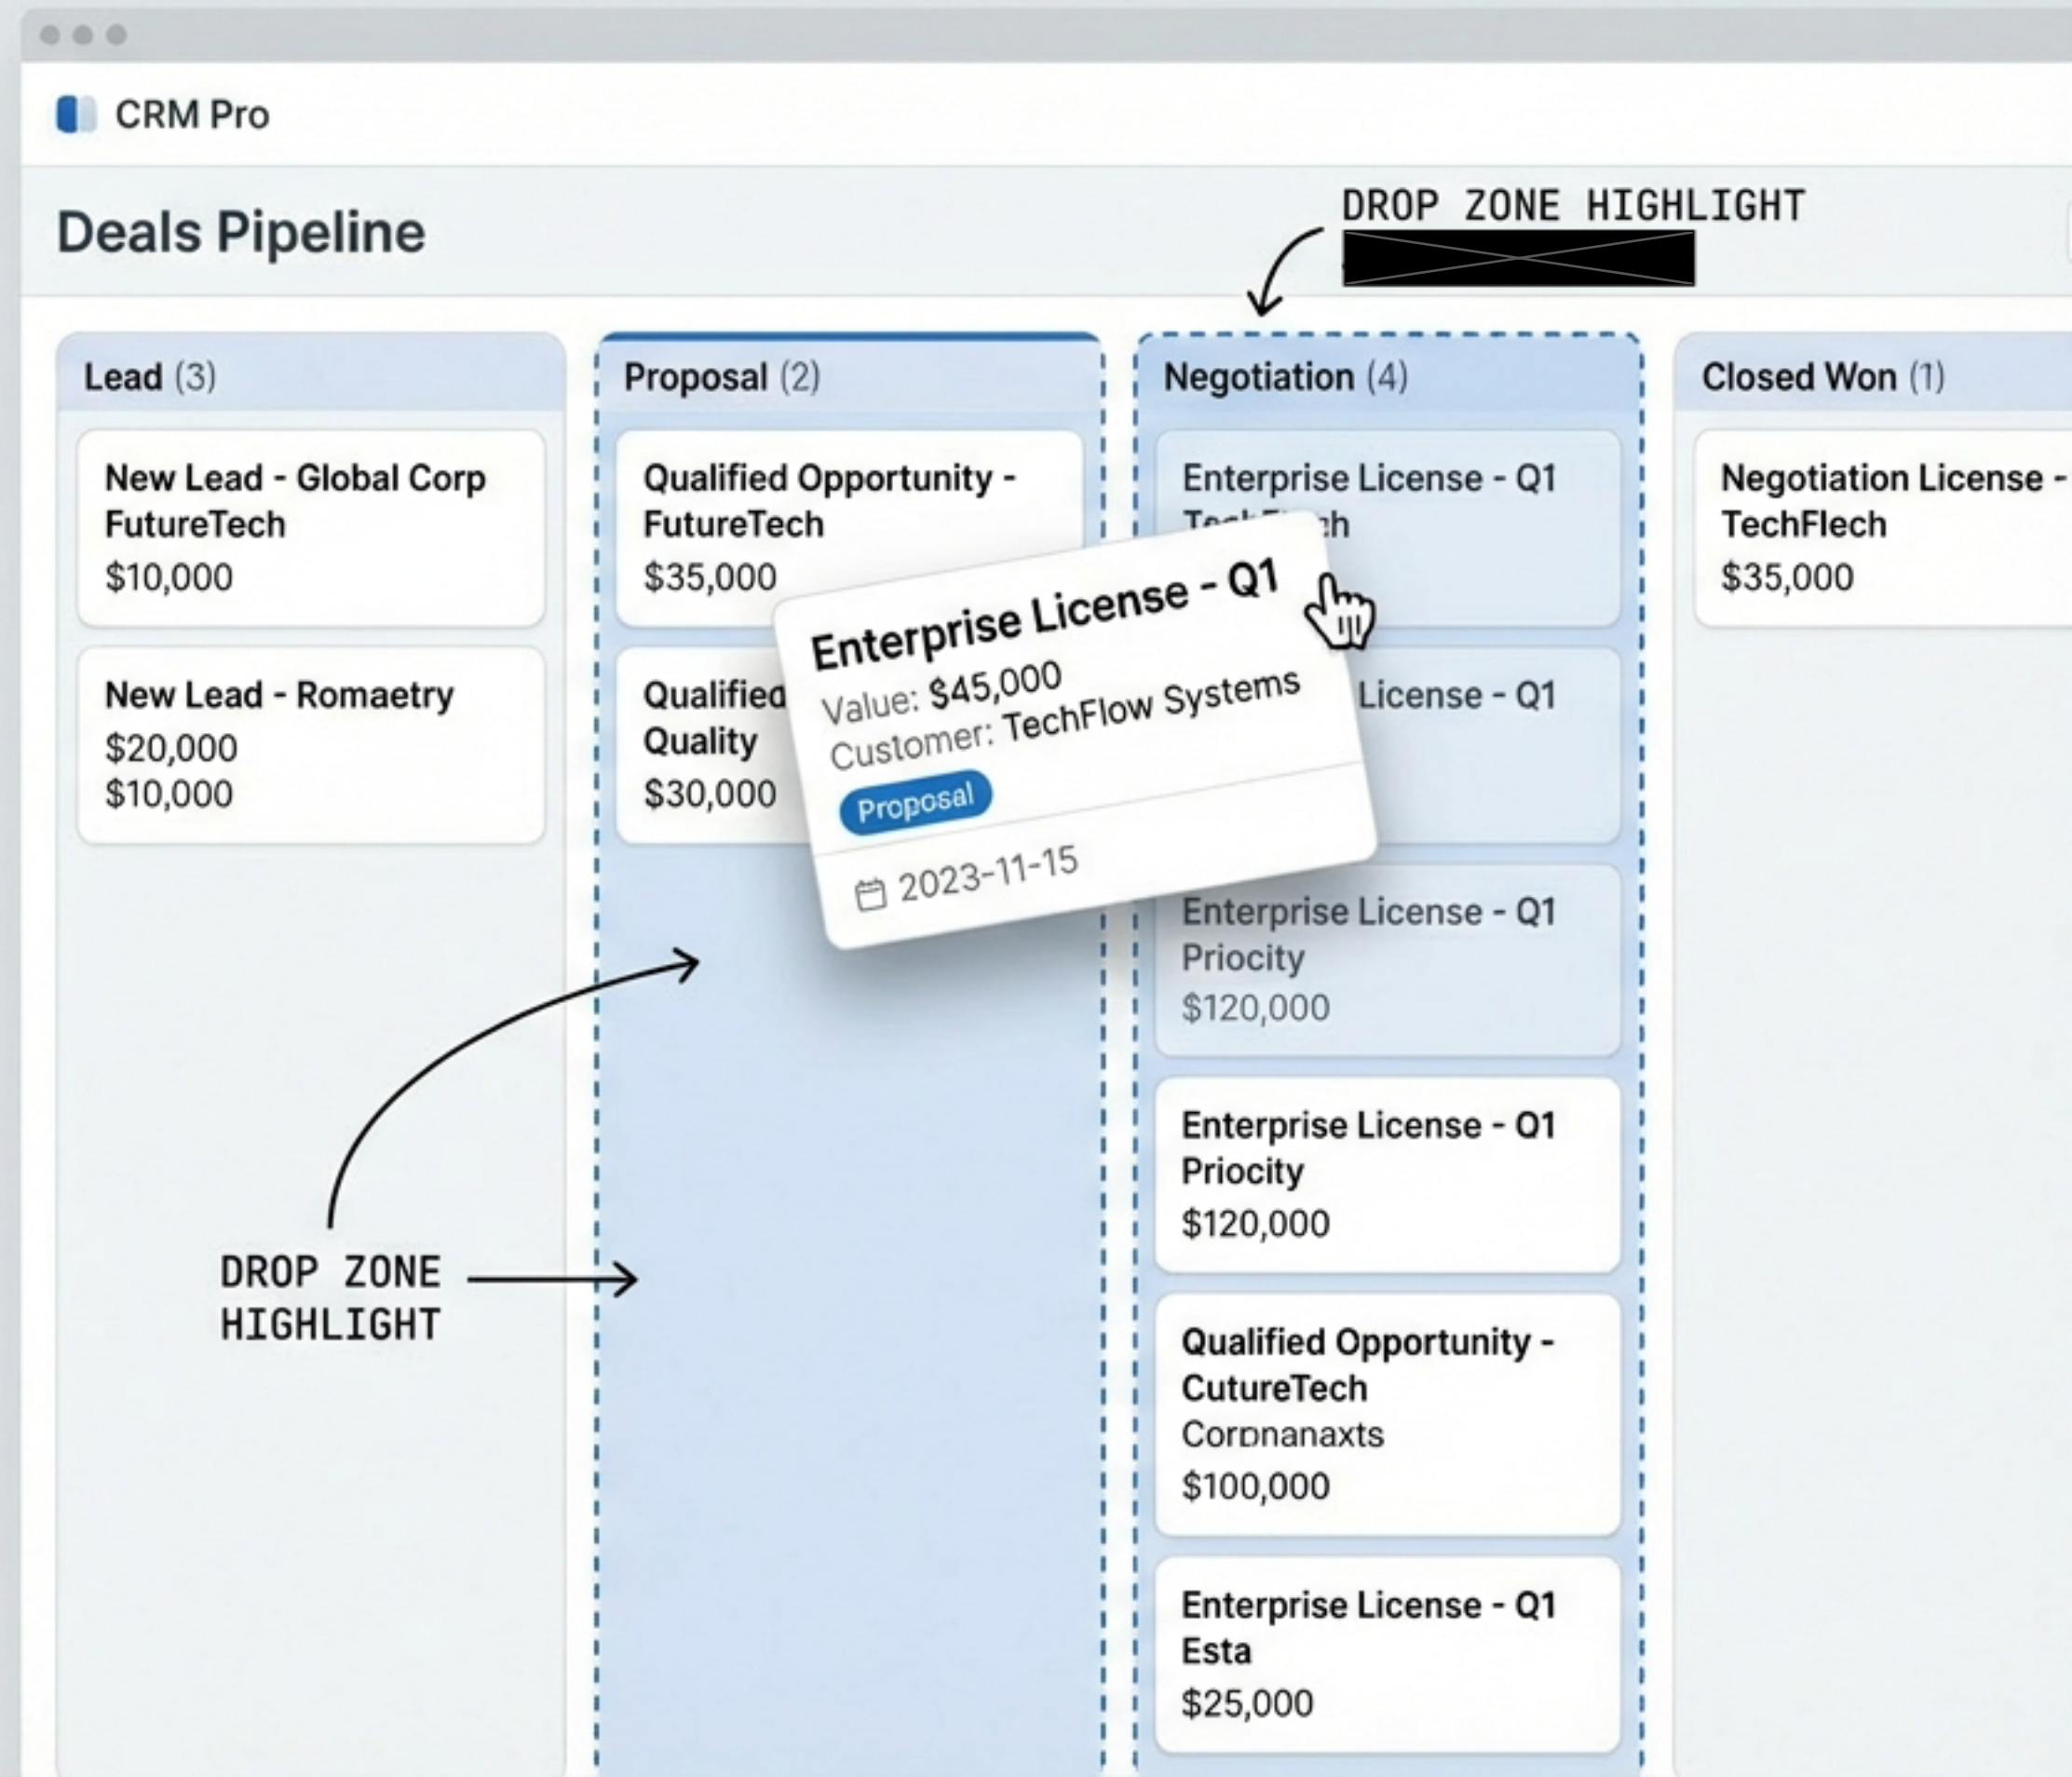

Fluid Interactivity (Feature 4: Drag-and-Drog-Drop)

"As a sales representative, I want to drag deals between pipeline stages, so that I can quickly update deal status without opening forms."

VALIDATION CRITERIA

- ✅ Cards are draggable (`draggable='true'`)
- ✅ Visual feedback when dragging (rotation, shadow, reduced opacity)
- ✅ Drop zones highlight on hover
- ✅ API call to update deal stage on drop
- ✅ Toast notification on successful move
- ✅ Local state updates immediately (optimistic UI)
- ✅ Stage badge updates to reflect new column

Data Integrity (Feature 5: Deal Form)

“As a sales representative, I want to create and edit deals with full details, so that I can accurately track opportunities through my pipeline.

VALIDATION CRITERIA

- ✓ Title field (required)
- ✓ Customer dropdown populated from customer list (required)
- ✓ Value field with numeric input (required)
- ✓ Stage dropdown with 6 options
- ✓ Expected close date with date picker
- ✓ Description textarea for notes
- ✓ Cancel and Save buttons
- ✓ Modal closes on successful save (with Toast trigger)

The screenshot displays the CRM Pro interface. A 'Deals Pipeline' is visible in the background, showing three stages: 'Lead (3)', 'Negotiation (1)', and 'Enterprise License - Q1 Esta'. The 'Lead (3)' stage contains three items: 'New Lead - Global Corp FutureTech \$10,000', 'New Lead - Romaetry \$20,000 \$10,000', and 'New Lead - Global Corp Systems \$10,000'. The 'Negotiation (1)' stage contains one item: 'Negotiation License - TechFlech \$35,000'. The 'Enterprise License - Q1 Esta' item is also visible with a value of '\$25,000'. A 'New Deal' modal form is open in the foreground, containing the following fields:

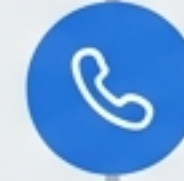

- Deal Title ***: A text input field containing 'Q3 Expansion Project'.
- Customer**: A dropdown menu showing 'Stark Industries'.
- Deal Value (USD)**: A text input field containing '125000'.
- Stage**: A dropdown menu showing 'Proposal'.
- Expected Close Date**: A date picker field.
- Description**: A large text area for notes.
- Buttons**: 'Cancel' and 'Save Deal' buttons at the bottom right.

The Communication History (Feature 6: Interactions Timeline)

“As a sales representative, I want to log and view all customer interactions in a timeline, so that I can track communication history and follow-ups.”

VALIDATION CRITERIA

- ✓ Display interactions in chronological timeline
- ✓ Show interaction subject/title prominently
- ✓ Show description text below title
- ✓ Display customer name with icon
- ✓ Show interaction type badge
- ✓ Show timestamp
- ✓ Colour-coded icons by interaction type
- ✓ Add new interaction via modal form

Introductory Call

2 hours ago

Discussed initial requirements, company overview, and potential timelines.

 Stark Industries

Call

Sent Pricing Deck

Yesterday

Shared the latest pricing deck and proposal for Q3 Expansion Project.

 Stark Industries

Email

Meeting Scheduled

24 Jan

Scheduled a follow-up meeting for further discussion on the proposal.

 Stark Industries

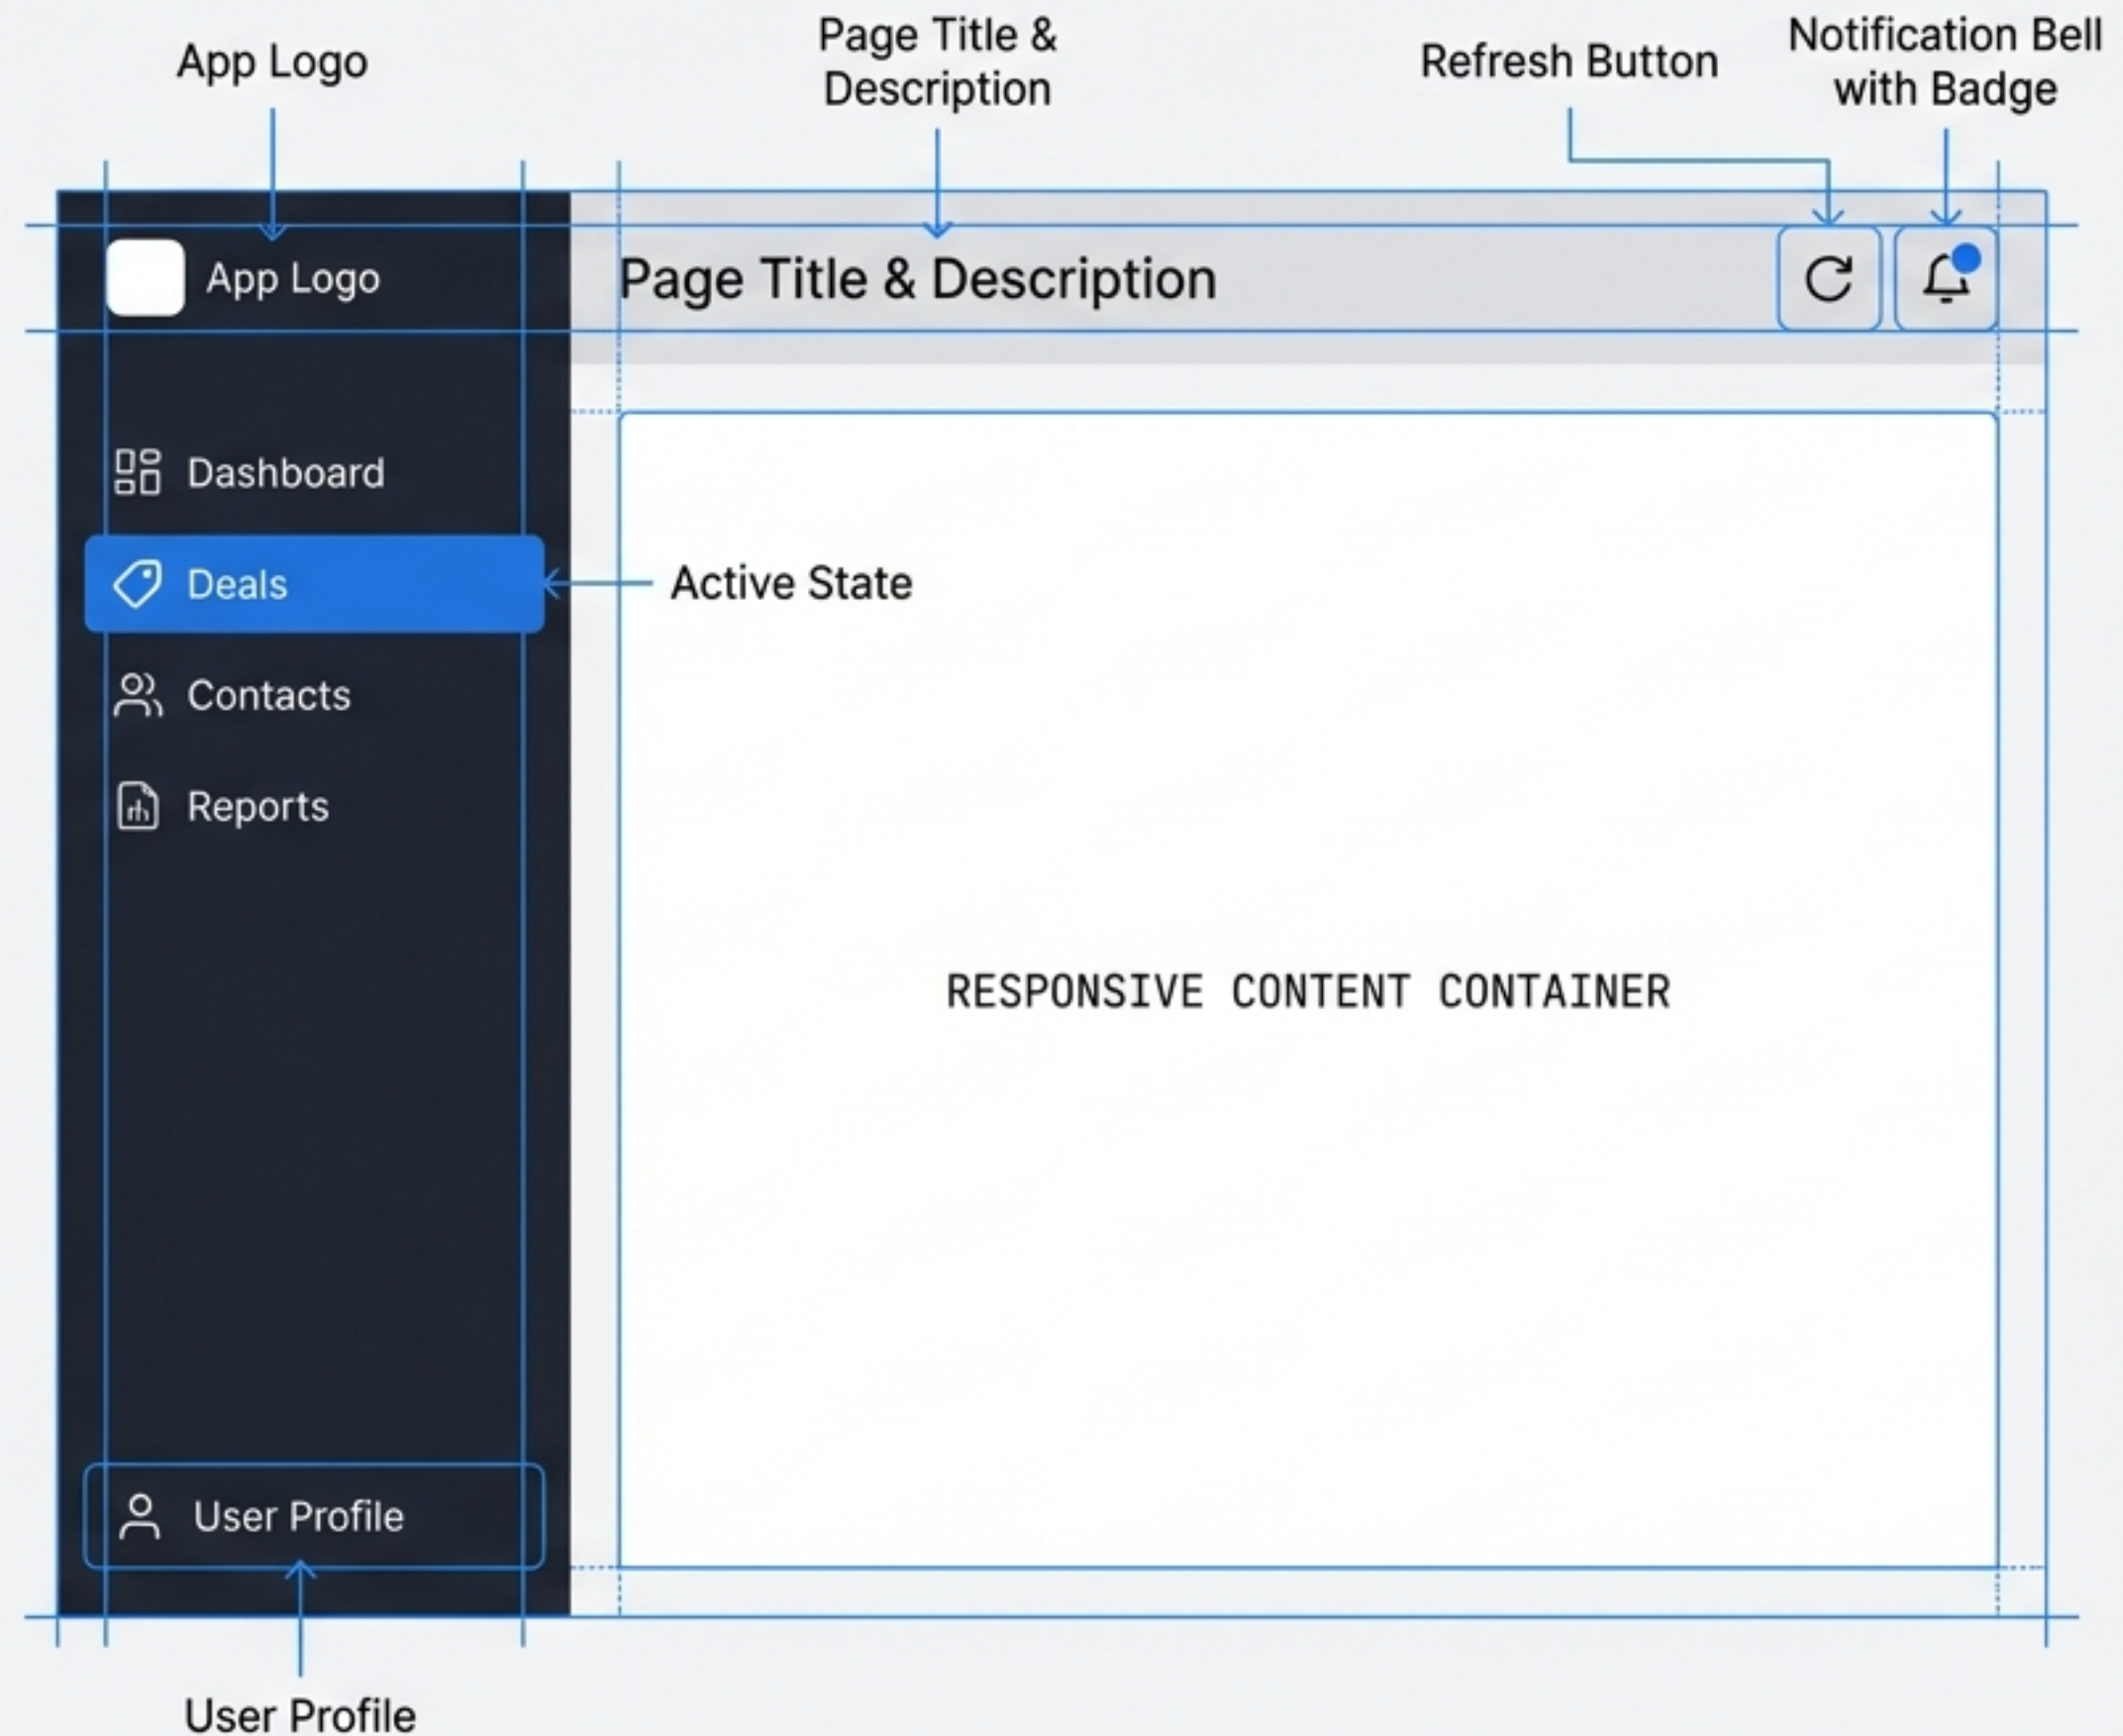

Meeting

Navigation & Structural UX (Feature 7: Layout)

"As a user, I want to navigate between CRM sections easily, so that I can access different features without confusion."

VALIDATION CRITERIA

- ✓ Fixed sidebar with logo and navigation
- ✓ 4 main navigation items with icons
- ✓ Active state highlighting (blue background)
- ✓ Hover effect on navigation items
- ✓ User profile at bottom of sidebar
- ✓ Header with page title and description
- ✓ Refresh button in header and Notification bell with badge
- ✓ Responsive content area

System Feedback (Feature 8: Toast Notifications)

"As a user, I want to receive feedback when actions complete, so that I know my changes were saved successfully."

VALIDATION CRITERIA

- ✓ 4 toast types: success, error, warning, info
- ✓ Auto-dismiss after 3 seconds
- ✓ Slide-in animation from right
- ✓ Slide-out animation on dismiss
- ✓ Icon matching toast type
- ✓ Colour-coded backgrounds
- ✓ Stack multiple toasts vertically

✓ Success: Deal Saved Successfully.

✗ Error: Connection Lost.

⚠ Warning: Unsaved Changes.

i Info: New comment added.
